What's up?

We'll have a meeting this coming Sunday, 10-4-98. We'll also have a meeting the following Tuesday, 10-6-98, with Roger Hawks from nationals. That'll be at 6 pm in the EECE conference room. All committee chairs should attend.

Guenther - When should we set up the computers, and how many people do you need for help?

Carrie 'n' Liz - I have a packet from the Minnesota convention that has the maps and notices that they gave out. Do you have one of these to go from? We also need extra maps for the people staying at other hotels besides the Holidome. The maps will show them the best path to get from their hotels to the Holidome. The Ramada and the Fairfield are the two that I know of.

Also, can we have volleyball at the Holidome? If so, we may need to reserve a few outdoor nets (w/ poles) at the rec center. One of the notices should be that we'll have campus tours on Thursday of the convention at 10:30. I've confirmed this with Roberts.

Nicholls - Do we just have people staying in the Ramada and Fairfield besides the Holidome? Carrie and Liz need to know.

Webster - We'll have initiation practice on Friday night, right? That's at the Holidome, right? So we don't have to reserve any room for that?

Jenni - Do you know exactly what the plan is with the corporate sponsor room? Were we going to have refreshments there on Thursday? Was that room going to be open on Wednesday and Thursday both? Are people from companies coming to occupy the room and talk with Tau Bates? I think we should make it a welcoming lunch, and have refreshments and stuff there to make sandwiches if "recruiters" will be coming.

Thanks all!
Budke
